

Calling Out by Mighty J

I live in a four walled box and I
sometimes where day old sox

like to call a Ford Escort that
people seem to like to key
you give me cancer in my left kidney
I have to drive on my knees
cause somebody took my bucket seat I ...

Don't let it eat at your brain - I

So I go to the disco
and view the big stage
there's a brother who thinks he's a superstar
with his fender guitar yet he's flipping the page
headstrong that he truly belongs but the only thing
you play
are Bob Marley songs I
love the prophet don't get me wrong just bring
some new material

And Girls if you like to eat (raise your hands)
Its healthy to eat naturally (boys don't demand)
Your girls to be too skinny cause its starvation if
you're a size 3
don't stick fingers down your throat
or swallow pills that effectively coat
your stomach with a lining that gives you headaches
your tummy aches
and you hurl until your back breaks
And when you look into the mirror
you still feel inferior
but your image is clearer to me that you need help
with your brain

And all the girls in the corner
let me see you rock that shoulder
and all the boys living with your mama paying rent
make sure you get parental consent
